

THE ASSOCIATION OF FALCON RIDGE  
BOARD OF DIRECTORS MEETING MINUTES  
SEPTEMBER 18, 2018

The meeting of the Association of Falcon Ridge was called to order at 7:00 p.m. by Earle Olson, President. A quorum was present.

Gary and JoAnn Berkowitz submitted landscape plans to the board for the back of their property on Eagle Point. Len Marsico made a motion to approve the plan and Guy Richards seconded the motion. The board then approved.

Discussion was held on pruning the existing trees in the area. Guy Richards will be checking with the person who did the pruning last year as well as getting other estimates.

The new trees that were planted this May are doing well. The arborist told Guy to keep the alligator bags around the trees till after the leaves fall since the trees absorb more water when the leaves are gone.

This is just a reminder that the website of the Association of Falcon Ridge is up and running. If any of you are having a problem logging in, be sure that the website ends in .org NOT .net. Again, the website is [associationoffalconridge.org](http://associationoffalconridge.org).

All motions were unanimously approved by the board.

The meeting was adjourned at 8:15 p.m.
