

The Association of Falcon Ridge members. It is with sadness that I address the cancelling of our annual meeting which we hold at the end of June each year. Covid 19 is the reason the board and I have decided not to have it this year. We therefore are asking if you have any issues you would like to bring to our attention. If so please contact one of the board members or my self and we will try to address them to your satisfaction. There are two board members elected this year. Paul Kapur has agreed to be elected to another term and Michelle Ashworth has volunteered to serve on the board. The board has voted to accept these members to the board.

Our finances are in excellent shape and all dues have been paid to date. We thank JoAnn Berkowitz for accepting the treasures position and for the fine work she has done, Paul Kapur and Guy Richards are jointly handling the lawn and snow removal and we thank Gale Zak for her service as secretary while she was on the board. We have asked several members to serve on the board, but we have not had any volunteers. If you have interest in serving on the board, please let us know.

It is our hope that maybe at the end of summer the Covid 19 thing will not be so oppressive and we can have a chance to meet and socialize with our new members.

Earle Olson

President of TAFR
